

# Spreaders

**SnowEx® - The Leader in Ice Control !**

The ideal choice for spreading salt and ice melters for winter maintenance ice control. Heavy-duty, polyethylene hoppers and powder-coated steel frames are designed for corrosion-free performance. Push style walk behind spreaders are manually activated. Utility and Tailgate units are powered by a patented, 12-volt electric drive system with sealed transmission; no pulleys, sprockets belts or chains. Designed to mount to a wide variety of vehicles such as tractors, ATV's, trucks and utility vehicles. Great design and performance backed by a 2-year warranty.

## Push Spreaders

**Walk Behind Push Spreaders.** Capacity is 140 lbs. of bagged rock salt. 13" Pneumatic tires and on/off handle control are standard. Two styles of high quality spreaders to choose from:

**SP85 Rotary Spreader** has a maximum throw of up to 10'. Standard with sidewalk deflector. Dimensions are 27" H x 24" W x 28" L.

**SD95 Drop Spreader** is designed for straight down drop of product for areas such as sidewalks where overthrow is not desired and where more exact control of product placement is needed. Dimensions are 27" H x 24" W x 28" L.

## Utility Spreaders

**SR110 & SR210 Wireless Spreaders.** 3 cubic ft. capacity, (270 lbs). Designed to work on any vehicle with a 2" receiver and 7-way plug. 12-Volt drive assembly with wireless push button on/off control is standard. No additional wires or controls are required. Spinners are 10" diameter and constructed of glass-filled nylon. Spreading widths up to 25'. Dimensions are 22" L x 30" H x 30" W. Both units feature 2" receiver hitch. A variety of mounting kits for other types of vehicles are also available.

**Model SR110** features a Flowgate design for smaller pelletized materials.

**Model SR210** features an Open Throat design that will handle bagged rock salt.

## Tailgate Spreader

**SP575 Mini-Pro Spreader.** 5.75 cubic ft. capacity, (500 lbs). Designed to fit any vehicle with a 2" receiver hitch. Cab mounted, digital controller with 12-volt electric drive is included. 3" Vertical high flow auger and automotive-style wiring harness are also standard features. SP575 base units is designed for spreading bagged rock salt. (Can also handle pelletized material with GAK020 option). Spreading width to 40'. Dimensions are 20-1/2" L x 35" H x 38" W.

## Mounting Kit Options for Utility & Tailgate Spreaders

**Model TLR175 Trailer Mount Kit** allows for SR110/SR210 or SP575 to be towed as a trailer unit.

**Model TPM175 Three Point Mount Kit** allows for SR110/SR210 or SP575 to be mounted to a 3-point hitch.

**Model UTM175 Utility Mount Kit** allows for SR110/SR210 or SP575 to be mounted to utility vehicles.

**Model DRM175 Drop Mount Kit** allows for SR110 or SR210 to be mounted to utility vehicles.

**Model PPT175 Pivot Mount Kit** allows for SR110/SR210 or SP575 to swing away for rear truck access.

SR110 with TPM175 Mounting Kit

SP575 Tailgate Spreader

SP85 Push Spreader with Sidewalk Deflector
