

# Brooms

**Modular Sweeping Brooms** that are ideal for commercial cleaning. A wide variety of types and sizes that are ideal for use with forklifts, skid loaders or tractors. Many applications for government and municipality, warehouse and distribution, lumber yards and agriculture.

**Features:** No moving parts to breakdown • Simple, but heavy-duty design • Can be attached to a variety of equipment • Long lasting bristle wear • Can be used on wet or dry materials • Large size reduces cleaning time and lowers operating costs • Works in either push or pull modes • Unique design allows for easy bristle replacement if needed • Optional magnet accessory allows for easy pickup of nails or staples • Polypropylene bristles and powder-coated frames are a standard feature on all brooms.

MEGA	PRO	VALU
Heavy-duty with (11) rows of bristles	Medium-duty with (8) rows of bristles	Light-duty with (5) rows of bristles

## ValuSweep Brooms

**VSB060 ValuSweep Broom** is designed for light-duty, "indoor" sweeping. This broom features 5 rows of bristles and has quick-tite pockets that fit most forklift forks. Length is 60" and height is 9".

Part No.	Type	Length	Wt.	Net Ea.
TZ VSB060	ValuSweep Broom	60"	51 lbs.	\$ 495.00
TZ VMB060	Magnet Kit	60"	51 lbs.	259.50

## Pro Series Brooms

**SPB600, (60") and SPB720, (72") Pro Series Brooms** are designed for medium to heavy, indoor or outdoor sweeping. Quick-tite fork pockets are standard. Skid loader, 3-point hitch or bucket mount options are also available. Overall height is 12" with 8 rows of brushes.
