## SnowEx® - The Leader In Ice Control!

SP575 Tailgate Spreader

SP575 with UTM175 Utility Mount

SP575 with TPM175 3-Point Mount

PPT175 Pivot Pal

SP575 with TLR175 Trailer Mount

### Tailgate Spreaders for Ice Control

**Mini-Pro Spreader.** Class 2 or 3, 5.75 cubic ft. capacity, (500 lbs). Designed to fit any vehicle with a 2" receiver hitch. Cab mounted, digital controller with 12-volt electric drive is included. 3" Vertical high flow auger and automotive-style wiring harness are also standard features. SP575 base units are designed for spreading bagged rock salt. (Can also handle pelletized material with GAK020 option.) Spreading width to 40'. Dimensions are 20-1/2" L x 35" H x 38" W.

The ideal choice for spreading salt and ice melters for winter maintenance ice control. Heavy-Duty, polyethylene hoppers and powder-coated steel frames are designed for corrosion-free performance. Tailgate units are powered by a patented, 12-volt electric drive system with sealed transmission; no pulleys, sprockets, belts or chains. Designed to mount to a wide variety of vehicles such as tractors, ATV's, trucks and utility vehicles. Great design and performance backed by a 2-year warranty.

**SPECIAL!**

### Push Spreaders for Ice Control

**Walk Behind Push Spreaders from SnowEx - the Leader in Ice Control!** Capacity is 140 lbs. of bagged rock salt. 13" Pneumatic tires and on/off handle control are standard. Two styles of high quality spreaders to choose from:

**SP85 Rotary Spreader** has maximum throw of up to 10'. Standard with sidewalk deflector. Dimensions are 33" H x 29" W x 52" L.

**SD95 Drop Spreader** is designed for straight down drop of product for areas such as sidewalks where overthrow is not desired and where more exact control of product placement is needed. Dimensions are 36" H x 38" W x 48" L.

The ideal choice for spreading salt and ice melters for winter maintenance ice control. Heavy-Duty, Polyethylene hoppers and powder-coated steel frames are designed for corrosion-free performance. Push style walk behind speaders are manually activated. Great design and performance backed by a 2-year warranty.
